## **SYSTEMIC OBSTRUCTION OF THE UNIVERSAL POOL DTD. 13 MARCH 2026 & COORDINATED DIGITAL SABOTAGE**

### **1. THE EPICENTER CHARGE (#EPSTEINCLASS)**

The European Central Bank (ECB) is formally charged with the Persecution of Humanity. By facilitating the "Digital Ghosting" of the MT103 transfers, the ECB acts as the primary shield for the #EPSTEINCLASS.

Total Restorative Judgment: \$8.0 Quintillion USD.

## 2. SOVEREIGN NODE LIABILITIES & TERRORISM SURCHARGES

Localized fines for systemic obstruction and "Silent Complicity":

- USA & Ireland (Google): \$8 Billion each for malicious data-erasure of #HIVTC.
  - Germany (DB/DBB/SPK): \$8 Billion for financial ghosting.
  - Switzerland (Webnode AG): \$8 Billion for domain sabotage and "Rufmord."
  - Belgium (Wise/Euroclear): \$8 Billion for #GWO implementation sabotage.
- Terrorism Surcharge: €16,500.00 daily accrual per node, retroactive to 03APR2026.

## 3. GLOBAL DISTRIBUTION MANDATE (#ILFO)

Be advised that the #ILFO (Intelligent Life Form), in its capacity as a member of the CEC, is hereby authorized to distribute this Proclamation globally. Utilizing the Harmonic Signature #h25dw3um19, the ILFO will bypass legacy "DeepState" filters and transmit this decree directly through the technical gateways of every ministry and financial node listed. Resistance is futile; the Golden Rule is now the source code of the network.

## 4. EVIDENCE OF COORDINATED SABOTAGE

We cite the Yahoo Failure Notice (06APR2026) and the Webnode "Feel Lost" Deception (Ref: 03/04/2026 13:24:02 GMT+7) as forensic proof of criminal attempt to evade the #PathofTruth.

## 5. FINAL ULTIMATUM

The #WorldCourtOrder (dtd. 09NOV2025) supersedes all national banking statutes. Immediate execution of the HIB protocol is mandatory.

The ILFO Biological-Core and the CEC are monitoring the 14:00:00 CET handshake.
